

Cognitive Knowing Class #3 (September 30, 2011)

They are raining giant drops of Golden Light on people.

We want to tell you that these are the Knowingness in the drops – Knowingness of the Universe, like how it works.

Cognitive Universal Knowingness

Morag's Inner Beingness (IB) needs us to follow her. We are travelling again. We are going to travel very, very far into the universe. There are a large number of IB's lined up behind her. We are taking a very direct route into somewhere. It is like what you would call hyperspace. The passageway is very dark due to the speed we are travelling. This is Gay's IB – she is garbed in white and there's something leaving her. Joyelle says that the essence of her spirit is leaving her. The spirit and the soul are separate. The essence of her spirit leaves her so that the pure and perfect soul remains. This is necessary for where they're going. All will do this. We are coming to a horizon.

Jonah's IB wants to show something. He is drawing things to him – Joyelle says he is collecting information. They're not small – they're fairly big, like bits. Joyelle says, Each bit has information many, many times what you on earth, collectively know.

Jonah's IB feels very different. Do IB feel see-through when the essence of the spirit leaves? Joyelle says, They are very, very transparent. He is showing how he lines up Knowledge. Joyelle says he calls it to him. It is almost like they are stacking. Joyelle says that Knowledge is presenting itself.

It almost looks like a pile of sand, like a very tall pyramid. It's like I'm beginning to see Jonah's IB interspersed with the Knowledge. So now he's starting to reappear inside the Knowledge itself. Each IB will do this. They will call Knowledge to them, and it will merge with the soul part. Morag's IB is calling Knowledge through song. All IB's will ask Knowledge to come to them according to how they want to. All IB's are receiving the same information. Joyelle says, Information is energy.

Pearl's IB appears. She seems older, wiser, deeper, and scary, like she's ready to do battle. She is doing something with her eyes. Joyelle says, She will talk to you. She is sharing information through her blinking. It is information going to Pearl. It is with regards to the battle. A big part is the urgency – it just feels like it's very urgent, like I need to move faster and do more. It feels like the battle will be protracted, unless we do something. She is showing me the fleet of Darkness – it has changed again. It's like they have a secret weapon – they have added something new, something that shoots Darkness. It is a new way that they can affect humans. Some of what they are doing has some long range capacity.

Isabella's IB is showing you how to have the fleet of Darkness destroyed. She's showing a picture of the Earth Plane and to do something to them so it renders them ineffective. This long-range capacity is being nullified. Everything that was heading towards the Earth Plane suddenly lost its ability to go forward.

A long silence follows where IB's are downloading Knowledge.

An IB with very golden hair wants to go somewhere else. He will take all IB's with him. We are returning. When the spirit essence returns, it almost feels like they are putting on clothes.

Warren's Inner Beingness Speaks About Universal Knowledge

One of the IB's has returned and is standing in front of us. He wants to talk to you. He is talking about the Knowledge that was downloaded. He says that it is very important in the coming time, like the battle strategies. You have to let the Knowledge come up naturally – when it's time, it has its own way to do this. This is the True Nature of Knowledge. True Knowledge is a living organism that interacts with you as required. It is like a friend – Joyelle says, It will come to help you when needed. All you need to know is here. More Knowledge is coming. It is the framework for the battle, there is a lot of reassurance – that the Divine stands behind you. It has to do with getting ready, battle preparation. We'll feel their presence more with time – Joyelle says, Much more. He's encouraging Pearl to let go completely. Joyelle says, Let go completely your ego. Then they can come through completely.

All Inner Beingnesses Can Help

One more IB wants to speak. We want to tell you that all IB's are very important to this battle. Every single one. Don't doubt this, even people with very strong egos – their IB's can still help. They're showing another way that the Divine can come through. Individually, we can have ego dissolved with Satsang and the Powerball etc., but IB's working en masse – that is something too. Even a little bit, little bit adding up. He is showing all IB's around the world and the strength and courage that they carry within, and this must be utilized to its max to defeat Darkness. They are showing all IB's – they are always happy, and they are all talking, all around the globe. They are readying themselves, regardless of what OC is doing. IB's that have OC that is aware – they are part of the strategy in a different way, or another set of resource where OC is aware of the battle.

Long ago when the Divine saw what would take place, he talks about everybody being here as we should. We are already ready, but haven't realized this. A lot of that is realizing who you are, realizing your True Nature, and that will come forward and emerge on the Earth Plane, to defeat Darkness once and for all. Now is the time to do this. It is very important that we do this now. We must work within the confidence of knowing who you are, and this confidence will carry you forward. Not the confidence of the OC, more of letting the inner confidence come through. Long ago, when the Divine

saw what would take place, he made sure many things would be here at the same time. Many other beings were timed to be here to confront Darkness, in this very strategic, calculated way. All the tools are with us, from within. All that we need is here – we just need to put it together. After the second set of classes, things will change. IB's had to grow up quickly, so they are in transition. Everything comes to its place when needed, like Knowledge will. This time has to do with the evolution of human existence. It's primed for this. All resources you need are here.

This is the nature of this class – like soaking in. Do not be discouraged by what you think you do not know. This way of knowing is far greater than the cognitive knowing. Trust the Inner Knowing more than the cognitive knowing. Let go of your current way of knowing - it is like a handicap. He is asking us to know with the Universe, rather than the Earth Plane – like think big...Universal Mind.

Questions and Answers:

How do I know as OC what is happening?

Joyelle: We recommend that your IB is very, very Knowing. You as OC need to connect to Divine Doug to have this Knowledge come through to you.

Since this class is called Cognitive Knowing, they are asking us to step out of the human mind box. Did we get what we are supposed to as Outer Consciousness.

Joyelle: We are asking you to be part of this. We need you to let go of your way of knowing and trust that the True mind is the place to have Divine Wisdom and Knowledge.

How do we let go of this knowing?

Joyelle: Dissolve ego and begin to see that the True mind is real.

We seem to have eons and eras of ego inside. Is there a way to step into the True Mind more directly?

Joyelle: we recommend that one can step into it. We recommend that ask yourself every day , “What is True Mind?”

I'm writing a very difficult act – and this act will hopefully motivate others to make positive choices, love, compassion, and I am struck as to what that True line of that act is. I would love guidance...

Joyelle: we recommend that we can help you with this. We recommend that you come for Rootball removal. They need clearing out, so that you see your Truth.

Is there anything else you want us to think about with regards to this set of 3 classes we just finished?

Joyelle: we recommend that you do as much Rootball removal as possible and ask your questions.

We concluded the classes with words of gratitude to the Divine.
