

Defence Strategy Class #3 Saturday Nov 5, 2011

It is pouring White Light . Joyelle says, And this White Light will open them to this session.

Battle with Darkness Commences

Inner Beingness (IB) is talking. He says, he wants to show us something, and Joyelle says, And we will travel with him. We're astral traveling. We are taking you to the battle front. We're some distance away, but they're showing where the action is already taking place. So there's the armada of Darkness and all around we don't see anybody but them. But there is the presence of special IB's there. I can feel them, and every now and then a form of Darkness blips off the picture. Remember that they are a month away from when they get close to the Earth Plane. But this is part of the plan to intercept some of them. Joyelle says, We are doing this very strategically, and the Eye of Darkness will not be able to tell that some Darkness is gone.

IB says, The ones beside them don't know either. Joyelle says, They are not concerned about each other. They are concerned for themselves. They are showing me that where a form of Darkness disappears, it goes to place where it's transmuted and they can't see that either. It's like beneath them – they suddenly disappear, and they're transmuted below their feet almost. It's almost like they're focusing in the middle of the pack right now. There's a big trail, they are working all along the length.

The vacant spots where they have removed Darkness will be kept with low vibration energy so that Darkness cannot tell. Joyelle says, They are going along the length and in the middle. There's a vacant spot – you can feel the presence of something there. Joyelle says, But not Darkness. They are sending low vibration energy to the connection line to simulate Darkness. They feel still quite close to the Eye. Joyelle says, Not long departed. They are showing me very briefly that there are lots of Angels there too. Joyelle says, Many, many thousands.

Joyelle says, Notice the IB who brought you here, talk to him. Thank you for bringing us here IB, what more would you like to show us or tell us. They're showing us a live feed down to the Earth Plane IB's, they're showing all IB's on the Earth Plane looking up. There's attention to what's taking place. They cannot participate yet, but they are watching so-to-speak. And this IB says, We're just watching too. It feels like all IB's have their hearts glued to what's happening, not only glued to what's happening, they're at the ready. Their body posture that they're in – they're like this. Joyelle says, They're prepared and ready. They're returning us, but before they're returning us, they slowed down to show the lines from Darkness that are hanging in the atmosphere. Joyelle says, Lots, everywhere. I think that's Angels escorting us back in. Joyelle confirms. I felt myself fall back into the body.

After the Battle with Darkness – Chaos in Times Ahead

Is this IB making a declaration? Joyelle says, Yes, it's for all IB's. I'm hearing, Hear Ye, Hear Ye, the battle with Darkness has commenced. And they actually have sirens going, to be on alert. IB says, It's a universal siren. Joyelle says, The sirens cannot be heard by Darkness – the vibration is too high. So they are going about their business right now. IB's are rushing to do something. They are ready, but the next phase of ready. Joyelle says, we recommend that they are preparing for the future, for the after battle. IB says, There will be some chaos after the battle on the Earth Plane. Joyelle says, they will still be dismantling Darkness on the Earth Plane after the battle, and the chaos will be felt by outer consciousness. And this chaos will uproot Untruth in people.

IB says, It will be like a cascade effect. Joyelle says, Yes, when Darkness is dismantled, this will have a cascading effect. And the release of Untruth will resound throughout the universe. They're showing me images of Darkness being sent out of the body. Wherever Darkness was, resting or hiding, it suddenly gets uprooted. Joyelle says, Darkness will be uprooted from the people. IB says, not everyone will be happy about this. Joyelle says, People will feel very uncomfortable.

Humans Aligning with the Divine

IB says, They got used to having Darkness inside them. They don't know what it's like to be without, so they will be agitated by this new state. Joyelle says, And they will not know what to do. We will help them in many ways – we will help them to see Truth, we will help them to adjust to the Truth, and we will help them to become Truth. IB says, you will feel this in your families. Joyelle says, In your communities and your country. So it's like there will be a shift in vibration of the people, and that's what's going to evict them. Joyelle says, Yes, the vibration of consciousness will become higher over time. IB says, And that's Us. Joyelle says, Yes, this aligns the people closer to the Divine.

They're still showing an image of Darkness floating around the Earth Plane. Joyelle says, The surrounds the Earth Plane, many layers in some places. So this is the heaviness of Darkness where it's sitting in some places. Layer upon layer – they are showing me how it overlaps. The image that they're showing me now, where there was multiple layers of Darkness, now little by little, you see light coming through where there was once only dark. I'm not sure if this is the future, but now there's light showing through where there was only Dark. Joyelle says, Yes that is the future.

Earth Plane Returns to Natural State

IB says, this will take several generations. This is how much Darkness there is on the Earth Plane. They're showing an image of how that will take place all across the Earth Plane and how everything just starts to clear, and you can feel the Earth Plane begin to resume its natural state of light all over it. And you can feel Mother Earth energy radiating to Father Sky, and it's very, very unimpeded. And they are showing the lines that come from Darkness that were suspended in the atmosphere, and they're empty,

empty and incapable of sending any more. It feels like they're vacant. IB says, There's a plan to all this. It's been all carefully, carefully planned by the Divine.

New State of Being

IB says, Remember that the Divine is All Knowing – he foresaw this coming a long time ago. He allowed this to take place, because of the opportunities that would arise at this time, and having Darkness come to the Earth Plane, do what it did, and think that it could succeed. This has all been carefully planned. The Divine does not make mistakes. The Divine creates in perfection. The Divine wishes for the people to grow and evolve. This group activity, like with all IB's and OC's, needed to take place so that the rise in consciousness could occur. There needed to be a common challenge, there needed to be a common wave front for which IB's could collectively join in on, as well as OC. We needed to unite, and this is the reason for our uniting.

On the verge of what would be Darkness overtaking the Earth Plane – that was the folly to think that the Divine and the Divine creation could be overtaken so easily. This way of learning and growing intensely, this flurry of growth in the past year, was necessary to keep Darkness thinking that it was on the verge of succeeding. They needed to think this so that their thinking, their general strategy would not change vis-à-vis the Earth Plane. So while they adjusted some of their forms of Darkness, big changes in their strategy did not occur. It was more or less the same. That's how we fooled Darkness into continuing along what they're planning to do.

The Opportunity for the Level of Consciousness to Grow

IB continues, That allowed us to grow stealthily, under the radar. The Divine is very, very brilliant. All this has been orchestrated and planned. The people's suffering did grow, but in the course of eternity, it is not a long time. So the Divine used this opportunity to grow all of us, his children, so that we could renew our relationship with the Earth Plane, with our central home, of where we were or are. It was like *our* retaking of the Earth Plane, where intruders had come into *our* home. We are grateful for this opportunity, IB says. We recuperate very quickly, such is the immense capacity of the creations of the Divine. Do not worry says IB, Outer Consciousness lives moment by moment on the Earth Plane, but when you're connected to the Divine, the sense and relationship with time will shift, and you will feel the eternal nature of your existence, and we will feel that together – with IB and Outer Consciousness (OC).

This is the beauty of the Divine Plan. Many other things are taking place as we speak – like our relationships with other planets, stars and galaxies. Many eyes are upon this battle, many are watching us. We will forge relationships with them. In togetherness, those who participate in the battle, those who are interested observers, and those who are watching from far away. Much is happening around this event. Much has been prepared around this event. And the Divine always reveals knowledge when the time is right. So OC can take heart – all has been carefully planned. IB says, That's all folks.

Joyelle answers a question with, We recommend that during the battle all IB's positions will be revealed. They're showing me credits to a film. It's the same one who played the violin last time. Last week there were a couple that felt like mischievous IB's. A skin of Darkness flopped on my head, and they were laughing. I couldn't figure out for a long time what they were doing. They are just beautiful, they actually have fun, have heart. The music playing marks the end of class.

We are all done and if you have any questions. They are still raining White Light on people.

Questions and Answers:

Was there anything we did to invite or let Darkness in?

Joyelle: Darkness came to the Earth Plane and people accepted Darkness's way. Were we Untrue first then Darkness came, or Darkness came and we decided to accept?

Joyelle: People were in Truth and then Darkness came.

How to protect from Darkness?

Joyelle: dissolve ego, stay in Truth, be with IB, pray to the Divine.

What about putting oneself in a white bubble?

Joyelle: That will not work with Darkness, but with people, yes, that will work with people. Staying connected protects you from both. (It will keep people out of your personal space, but Untrue because you should always be open).

You said that all IB's are watching for when Darkness comes - so everybody's IB is watching for an alert for what's coming?

Joyelle: World wide

And you said later, "we'll be able to help" Does that mean these guys, or that we'll eventually be able to help.

Joyelle: That means that the IB's will be able to help when Darkness arrives on the Earth Plane.

Questioner feels heavy.

Joyelle: we will remove it. We will remove it from your house also.

Can M ask his IB for help, or ask the Angels?

Joyelle: She says ask Divine M to remove it because he can do this.

Even from his house?

Joyelle: Yes

Are there any Ascended Masters involved in this?

Joyelle: All Ascended Masters and Masters are involved – she is giving you a list – like Mother Mary, Jesus, Buddha, Quan Yin, all of them.

Are they organized?

Joyelle: There's many, many other Beings involved. We recommend that IB's are all connected to the this battle worldwide, and that we recommend that you as a very, very small, insignificant group are the only one.

Re: Inelia Benz's money exercise. We were doing an money exercise of hers and that raised some question for me.

Joyelle: Darkness is in the exercise because the exercise was not in Truth.

How does that work?

Joyelle: When one has an exercise for people to do, sometimes Darkness slips into the exercise itself.

Pearl: They are showing the instructor in white and then Darkness looking – pretty heavy Darkness.

Joyelle: Money is of Darkness, so when one does exercise, it is very difficult to exclude. We gave you the way to be with money.

What about the other people doing the exercise?

Joyelle: We recommend that Darkness has a very strong hold on this exercise. And we will dismantle Darkness with the dismantling of money.

This Darkness in money, could it change? The exercise made me think about negativity, and if there was some way that could be taken out of money.

Joyelle: Your relationship with money will change. We recommend that we will do this now.

Money Exercise

Joyelle: We want everyone to think of money – think of money, think of the paper, the coins, the size, the weight, the shape, the feel. Think of money. Now think of having more money, pile it up, stack up the coins, stack up the bills. Do you have enough? Now think of money as energy. Energy that comes and goes as needed. Never ending energy. No matter how much you need, always there, always coming and going as needed.

How do you ask for this energy to come into your life?

Joyelle: We recommend that connect to your IB, and ask him to send money energy. Ask IB from outer consciousness?

Joyelle: Yes

Pearl: What elements will help this **not** work? will put a damper on this?

Joyelle: If you are wanting money in Untruth, for example, money for power. If you are wanting money in excess. If you are wanting for money that you do not need. If you are wanting money that you do not have clearance for. You have in your contracts the amount of money to have, the contracts you came here with.

Is contract different from Karma?

Yes. It's a contract that you make before coming to Earth Plane.

Is there any way to revise the contract?

Joyelle: We recommend that money will come to you and you will be happy.

Is that for all of us?

Joyelle: Yes

Is there any point in asking for money?

Joyelle: Yes, ask properly

This battle that is going to happen, will it be obvious in the external world as well?

Joyelle: Very obvious.

The evening closed with words of gratitude to the Divine.
